

CODE BLOCK

Padding, indentation, and repeated spaces should survive

```
function renderBlock() {  const
```

ROTATED PRE

This block is transformed so Firefox uses native line quad

```
if (line.startsWith("  ")) {  rol  
le
```

SCALED NOTES

Columns rely on fixed-width spacing and should keep their alignmen

```
column A      column B      column C alpha  
ces"); }  
le
```
